

HAIRDRESSER DISPLAYS

Presentations that attract attention

Professional displays - increase sales

Easy to order poster and shelving kits

Displays can be wall mounted or suspended between floor and ceiling

Enhance the appearance of your professional graphics - present them in a way that will enhance your premises and draw the eye to your message

- Posters are positioned within acrylic pockets to protect the graphic; the pocket can be positioned at any height on the suspended cable system, which is fitted between floor and ceiling or wall mounted
- Kits can be designed to display posters and information, and can incorporate shelving, leaflet holders and low-voltage lighting
- Stylish and discrete design
- Other sizes are available on request
- Supplied with easy to follow installation instructions

Professional installation service - let us do the work

Installation service fully guaranteed to give you piece of mind. Ask for details of your local installer.

In your reception

Add sparkle to your window display

Use your wall space to sell

Be seen on dull days and at night

The eye is drawn to light...

Fact: An illuminated display can increase sales by up to 107% (source:entrepreneur.com)

Using the latest technology combined with an incredibly long lamp life, our wall mounted or suspended light boxes give you maximum impact in your premises.

Wall Mounted Cold Cathode Light Boxes

- Cold cathode light boxes use the very latest light technology, making them incredibly bright and light weight
- Cold cathode light boxes have an extremely long lamp life -up to 50,000 hours (approx. 5 years).
- Lux level at panel centre of A1 unit is 1092 lux, making it one of the brightest light boxes around
- Stylish, slim silver anodised click frame, 30mm wide x 35mm deep
- Supplied with a 3 pin plug - simply attach to the wall with screws (not included), plug in and go!

LBA2-CC	A2
LBA1-CC	A1

Suspended XtraLite Light Boxes

- XtraLite is ideal for use in windows or interiors
- As the unit is suspended from the ceiling, you do not need a wall.
- Totally even spread of light which eliminates shadows
- Average lamp life 9,000 hours
- Invisible power supply, no ugly power cables
- Less than 40 mm thick
- Use double or single sided
- Supplied ready to be installed, with cables or rods with ceiling and floor fittings, transformer, power connectors, supports and isolators.

KXLA1C/SI	A1	Cables: 3m floor/ceiling	628mm
KXLA1R/SI	A1	Rods: 3m floor/ceiling	632mm

Note: XtraLite installation must be carried out by a qualified installer.

Movement increases sales!

Make sure you stand out on the high street - sales can be increased by up to 317% when you install a moving display!

New Digital Display Kits

The Digital Display System is highly economical, which means small as well as large companies can benefit from the advantages of digital media.

Digital Displays are the solution if you want to:

- Present jpeg images, mpeg video and sound.
- Increase awareness that will increase sales.
- Update your display instantly without expensive print costs.
- Grab the attention of passers-by with strong sales messages.

Ref:	Description

Ref:	Size:	Width of display:
KEMA4/44R	16 x A4 pockets	978mm
KEMA4/45R	20 x A4 pockets	1178mm

Goods will be despatched packed flat with assembly instructions. All equipment is covered by a 12 month guarantee.

To ensure unit fits the allocated space please measure area before ordering. Ceiling mounted cables cannot be fixed to suspended ceilings; instead they are fixed to the main ceiling and cables are passed through the suspended ceiling. Full installation instructions are supplied with the goods to assist you if you wish to install the equipment yourself. Displays with low-voltage lighting, digital displays and XtraLite should be installed by a professional installer.
